Recent Webinar & Upcoming Events

ICYMI: Stay Tuned for the Recording of the June 20 Webinar Unlocking eCommerce: Educational Insight Panel

Moderator: Lydia Rice, [TIPCO Technologies](#)

Panelists: Brett Powell, [Midland Industries](#); Bill Rosado, [Aldrich Web Solutions](#); Ben Stump, [Unilog Corporation](#)

On June 20, NAHAD's leading experts in eCommerce had a dynamic discussion that explores your organization's eCommerce journey. This session brought together manufacturers and distributors at various stages of eCommerce implementation and utilization. It demonstrated the benefits of eCommerce across all levels of digital transformation, providing valuable insights and strategies tailored to enhance your organization's performance, no matter where you are in the process.

The recording will be posted on the website soon, so stay tuned.

Hose Safety Awareness Week

September 8–14, 2024

NAHAD is committed to ensuring that all hose manufacturers and distributors have the tools they need to promote hose safety with their teams and end-users. NAHAD, through the Hose Safety Institute (HSI), provides education and training through a series of prescribed best practices, educational webinars, downloadable resources, and hands-on instruction throughout the year.

How To Get Involved

The Hose Safety Awareness Week marketing toolkit and graphics are now available.

Download the Toolkit

Save the Date: HSI Hands-On Training 2024

Houston | October 14-15

This program is designed to promote and develop an understanding and adoption of HSI guidelines and best practices in hose design and fabrication. Attendees will participate in a series of interactive presentations, visit distributor locations for hands-on exercises, and tour a manufacturer's warehouse.

Registration is coming mid-July so be sure to look out for the email announcement!

NAHAD's Safety Mascot is Here

Stay alert with Safety Bert! During NAHAD's 2024 Annual Convention, we introduced our new education mascot, Safety Bert. You may have seen him around the conference and posted a selfie with him on social media. Safety Bert is the face of all things Hose Safety and will help NAHAD spread awareness through HSI Hands-On, Hose Safety Awareness week, and general safety resources. You can expect to see him on the website, socials, emails and maybe even during in-person events. Welcome to the NAHAD team Safety Bert!

Member News

NAHAD welcomes our newest member, **Murray Corporation**:

FOOD GRADE HOSE AND WASHDOWN WATER HOSE REELS NOW AVAILABLE FROM CEJN

Quality food grade hose and washdown water hose reels are now available for food & beverage applications. All hoses are manufactured to meet the most difficult needs for food processing, beverage line or dairy applications. With the food-approved PVC hose the reels can be used in close contact with food and beverages.

The reels are available in AISI 304 stainless steel and AISI316 acid-proof steel which make the reels highly resistant to corrosion and suitable for use in various environments both indoors and outdoors. We offer a wide variety of products for food and beverage applications such as stainless-steel air/fluid couplings, water spray nozzles and new metal detectable plastic blow guns. [Learn more](#)

Singer Industrial Names Haberbosch as President

June 18, 2024 (Dallas, Texas) - Singer Industrial announced the appointment of a new company president.

Pete Haberbosch, formerly Vice President of Business Development/Mergers & Acquisitions, was promoted to the position of president.

Haberbosch is a 30-year veteran in the industrial field, with 10 of those years being at Singer Industrial. He managed several field business units before being promoted to Vice President of Business Development/Mergers & Acquisitions, where he managed Singer Industrial's acquisition outreach. The new facility in Mexico satisfies the growing demand for a local, dependable supplier and also guarantees uninterrupted workflows and seamless access to components. [Learn more](#)

Coxreels Improved Options for the Vacuum Series Reel

Coxreels V-100 Series product line has been improved and expanded! Introducing the new 1 ¼" vacuum hose reel V-112-735 without hose and the V-112H-735 with hose. The new model is a smaller frame size featuring 12" diameter discs instead of the original 17" diameter discs and is designed for use with 35' of 1 ¼" vacuum hose. The outlet connecting to the hose remains 1 ½" and our 1 ¼" hose

comes equipped with 1 ½" slip cuffs on both ends for maximum flow.

In addition to the new models, the swivel has been improved on the entire product line. The new swivel design still allows for the connection of multiple hose sizes by using the inside and the outside of the housing, but a greater gradual taper has increased the amount of compatible inlet hose cuffs.

This remains important because retail shop vacuums are coming with larger and larger hoses, some as big as 2.5". The swivel also includes hidden improvements via an enhanced O-ring sealing system for greater vacuum consistency and performance.

The hose has a super flexible "crush-proof" smooth interior hose suitable for commercial cleaning applications and is equipped with standard 1.5" threaded hose cuffs on both hose sizes.

Coxreels® has remained steadfast and focused on manufacturing high quality professional grade hose, cord, and cable reels since 1923. Offering a full product line serving the industry in every channel and application, Coxreels® takes great pride in designing, building, and supporting all of their products right here in the U.S.A.

For further information on Coxreels® new options for the V-100 Series, contact Customer Service at (800) 269-7335 or visit www.coxreels.com.

Member Job Posting

Inside Sales Job Description

This position is responsible for entering customer purchase orders into the manufacturing software and communicating with the customer to provide feedback, answer questions, and problem solve. You will interact closely with the customer, other sales personnel, and the manufacturing team to help ensure the customer's needs are met in a timely manner.

For more details regarding this position and to apply, please contact Greg Royal at groyal@novaflex.com with your resume and the subject line "Inside Sales Position".
